31st Annual CTF Transportation Awards Winners & Finalists Announced *for achievement in 2019*

The California Transportation Foundation is proud to announce the 31st Annual CTF Transportation Award winners in several categories, as well as the top three finalists in most categories. The winners of those categories will be announced, and all trophies presented, at the June 10, 2020 Transportation Awards happening at the Hyatt Regency Orange County. The CTF Transportation Awards recognize excellence in California transportation in 2019, all modes, public and private sector and from all regions of the state. CTF recognizes project teams including all major partners and contractors. If you see that we have left off a major team member, please let us know. The Transportation Awards Program is made possible by our generous sponsors!

“Congratulations to the people and organizations who were chosen by the Awards jury for recognition at the CTF Transportation Awards. The jury selected the best in 2019 transportation projects, programs, people and organizations,” said Ryan Chamberlain, Chair of CTF. “We are proud to announce a few winners today and the top contenders in most categories. I look forward to cheering them on at our upcoming Transportation Awards Luncheon.”
