

Sponsorship Options

The 31st Annual Transportation Awards recognize excellence in California transportation in 2019, from all regions of the state, private and public sectors, and all modes. There is no better place and time to get your name in front of decision makers than when your project is being celebrated at the Awards. The Awards are also great fun, with most of the winners announced at the Awards Program June 10 at 11:00 a.m. in Irvine. At last year's Transportation Awards Program 270 people cheered on their favorite programs, projects and people. **All sponsorship levels include a sponsor ribbon on your nametag, recognition on the CTF website and on the Awards film.** The following are other benefits:
